Synopsis of the speech delivered by the Hon'ble Speaker

Departments of the Economics in collaboration with Internal Quality Assurance Cell (IQAC), Nabagram Hiralal Paul College organized a One- day National Level Webinar entitled "ECONOMICS OF HIGHER EDUCATION BEYOND COVID PANDEMIC" on June 20th 2023 between 3.30 pm to 5pm through the Zoom Cloud Meeting platform.

Dr. Subir Maitra, Registrar, Rabindra Bharati University was the esteemed speaker in this webinar. He was also a former Associate Professor in Economics, South City College and a former WBCS(Executive). Due to lockdown arising out of the outbreak of Covid pandemic all over the world, chalk and talk method of teaching has taken a back seat and education through digital mode is predominant. Under these circumstances, rapid changes are taking place in supply and demand of education.

The speaker Dr. Maitra gave an overview of the overall economic effect of the lockdown and brought to light how higher education was disrupted due to the pandemic situation. He also gave a light on how the dropout rates in higher education are increasing, revenues from higher education are dropping, the gross enrolment ratio is highly diminishing during this period. He also tried to give a thought to what will be the future of education after the pandemic situation.

The question and answer session was conducted by Dr Bishan Sanyal, where queries of participants were addressed by the resource person. The session concluded with a Vote of Thanks by Dr. Suparna Chatterjee, Coordinator, IQAC. There were around two-hundred and sixty five participants who were enlightened by the valuable discourses in the webinar.

Synopsis of the speech delivered by the Hon'ble Speakers

Dr. Goswami raised concern about demand deficiency due to advent of Covid pandemic in Indian Economy. He has emphasized that fiscal deficit was not an issue during Covid pandemic. Oil price is low but consumption of petroleum product is lowest ever due to lock down compelled by Covid pandemic. Tax collection from petroleum tax is low. He told that during pandemic, issue is saving the life of people by extending support to poorest of the poor without caring about fiscal deficit.

Dr. Debasis Mondal opined that this pandemic will lead to much severe financial crisis in world economy compared to 2007. After financial crisis, world has to deal with immediate credit crunch leading to policy rates cut. Package should be larger than that in 2008. Production related incentive, labor reform etc should be tagged with economic measure. By providing schemes like credit guarantee scheme to MSME sector to boost supply, government should provide money in the hands of public to boost demand through increase in per capita consumption.
